AD CLUB "MOVIES" DEMONSTRATE GOOD POINTS OF "FORDS"

Dinner Attended by About 60 Nets $50 For Sunday School

THE NILES Ad Club is decidedly on the upward trend, the sixty or more business men and women of Niles, Centerville, Decoto and Hayward with several representatives from the Oakland Ad Club present at the dinner served by the Sunday school teachers and mothers at the Congregational church Tuesday evening, when C. H. Waterbury, of Dohner and Galbraith's, at Centerville, put on a rousing "Ford" program.

The ladies who served the dinner were highly complimented upon the excellence of the menu and they were gratified at clearing about $50 from the project, donations to the fund in addition to the profit made from the dinner ranging from 25 cents to $10. This money is to be used for chairs, payment on a piano and equipment for the Daily Vacation Bible School which is to be held at the church in the near future for the benefit of all children of the community.

Due to the absence of the president, W. J. Helm, vice-president, opened the meeting and turned the program over to Mr. Waterbury who was chairman for the evening. Among the guests introduced were the radio artists, Connie and Marge of KLX, who entertained the assembly with several duets highly appreciated judging from the hearty and prolonged applause. Other guests were Mr. and Mrs. Galbraith, Mr and Mrs Dohner, of Hayward; Jos. Dias and Mr. Jacobus, of Centerville who projected the moving pictures of the Ford plant and assembly shown during the program; Mrs. Lela Huey, chairman of the program committee of the Oakland Ad Club and Mr. Pernell, of the Edwards Jewelery Company, of Oakland.

A delightful part of the program was the telling of Ford stories, many side-splitting anecdotes being offered. Judges were Judge Allen G. Norris, Jack Whipple and Jack Williamson. First prize went to D. F. Gatchel, second to E. D. Bristow and third to Mrs. W. H. Ford; prizes being a new Dunlop tire, an inner tube, and a second-hand spark plug respectively.

George Donovan made an announcement regarding the installation of street lights in Niles by the P. G. and E., as related elsewhere in The Register.

Mr. Bristow announced the art exhibit at the Niles Grammar school Monday, Tuesday and Wednesday of this week, inviting the public to attend.

The business meeting of the Ad Club will be announced in next week's Register. All those who enjoyed the dinner meeting are urged to attend the business session as important organization work is to be undertaken and the help of all is needed.

Those interested in the Ad Club are much gratified at the progress being made. At the first dinner given at the Florence Restaurant, 29 were present; at the second at Boitano's, there were 34 local people and 32 from Oakland; and at last night's meeting there were about 60 present.

Forty Attend Junior-Senior Dance Friday

About 40 attended the Junior-Senior Prom of the Washington Union high school last Friday evening. Music was furnished by KGO orchestra and the event was reported one of the most enjoyable yet held for such an occasion. Refreshments were served, during the evening.

Fire Commissioners Will Meet Tuesday

The regular May meeting of the Niles Fire Commissioners will be held next Tuesday evening at 7:30 o'clock in the Fire Hall.

P. G. & E. TO GIVE NILES FOUR NEW STREET LIGHTS

One of the interesting announcements made at Tuesday evening's Ad Club meeting was that of Mr. George Donovan of the installation of four street lights in the Theater block on First street, these lights to be installed within the next month by the P. G. and E. without cost to Niles.

The electroliers will rest upon ornamental iron stands fourteen feet high and will be quite an addition to the street not only because of their 1000 watt power lights but will be ornamental during the day. These lights will be left several months, Mr. Donovan feeling sure that the citizens will be so pleased that they will not consent to having them removed.

The cost of fully equipping Niles with sufficient street lights will be very slight, states Mr. Donovan, as the P. G. and E. furnishes the equipment free and the only cost is the price of the electricity used.

According to Mr. Donovan, Niles is the most poorly lighted town of its size in the county and it certainly deserves more illumination, he believes, this being the sentiment expressed by a number of citizens.

STEINHOFF-MENTO WEDDING OCCURS AT SACRAMENTO

The Westminster Presbyterian church, of Sacramento, was the setting Saturday afternoon, April 27, at 3:30 o'cock, for the wedding of Miss Adele Steinhoff, daughter of Mr. and Mrs. James Steinhoff, of Newark, to Mr. Mervin R. Mento, son of Mr. and Mrs. M. Mento, of Sacramento.

The marriage ceremony was performed by Rev. Sherman L. Divine, of Sacramento. Miss Julia Ruschin, girlhood friend of the bride was maiden-of-honor; Miss Aileen Steinhoff, sister of the bride was bridesmaid, and Mr. Kenneth Leitch, of Sacramento, acted as best man.

The bride wore a blonde ensemble. Her flowers were yellow roses. The maid-of-honor wore a coradl flowered georgette afternoon dress. The bridesmaid wore a blue flowered georgette afternoon dress. They both carried Cecil Breuner Roses.

The bridal party consisted of close relatives.

After the ceremony a wedding supper was served in the Gold Room of the Elks Club in Sacramento. The table decorations were yellow and white.

The marriage culminates another romance which had its beginning at Washington Union High school, of which the bride is a graduate.

Her dramatic talent and her unusually sweet personality have won for her a wide circle of friends. Her family are old time pioneers of Alameda county.

The groom is also very well known in Washington Township having attended Washington Union High school. He is employed by the Southern Pacific Co. at Sacramento.

Grammar School Has May Day Celebration

Niles Grammar school pupils again observed their annual May Day celebration Wednesday by presenting the teachers with beautiful baskets of May Day flowers and goodies. This is a custom which originated among the pupils themselves and has continued for a number of years.

Chico—Plans under consideration for erection of Methodist church building.

Cement plant will be built in San Pedro.

NILES "MAN" PROVES TO BE A WOMAN

Victims Of Jones Law Caught By Sheriff's Ruse

ROBERT SCHENONE, of Livermore, was arrested last week on a charge of violation of the Jones act, it being reported that $15,000 worth of fine assorted liquors was confiscated.

Schenone was arrested by a raiding squad under Sheriff Burton F. Becker, after an under-cover agent had arranged the purchase of $750 worth of liquor. The agent, driving a covered speed truck, drove into the ranch yard for his cargo.

As Schenone produced the liquor, the cover of the truck was thrown back and Sheriff Becker, with Deputies L. E. Van Patten and Hugo Radbuch emerged. Schenone was released on $2,500 bail.

Local People Attend Dedication Program At Del Valle Farm

A number of Washington Township people attended the dedication program for the fourth unit, Dormitory No. 2, of Del Valle Preventorium last Sunday.

C. J. Struble, president of the Alameda County Tuberculosis Association, presided, announcing that Livermore that day was the only place in Alameda county that had any sunshine.

The outstanding feature of the program was a playlet presented by the Del Valle children, this production having been directed by Superintendent and Mrs. Monroe. The "T. B.'" germs enter with helmets, shields and poisonous daggers, hunting for some person to attack. The "under-weight" children appear, declaring they won't eat vegetables and that they hate exercise, games especially because they can never win. Then the Sunshine Children of Del Valle entered, showing their splendid vigor, happiness and energy—brown skin glowing with health. 'The 'T. B.'' germs made the mistake of trying to attack the "Sunshine Children" who made short work of the evil pests. Then in came the "Sunbeams" and did a very artistic dance. In the meantime the "T. B." germs had attacked the "Underweight Children" and reduced them to a state of misery, the school nurse coming in and de-

(Continued on Page Eight)

CONCRETE POURED FOR FOUNDATION OF NEW BANK

Concrete for the foundation of Niles' new $40,000 bank is being poured this week and construction is moving along rapidly, always watched by interested passers by.

No definite date has been announced for the opening of the new bank home.

NILES P. T.. A. TO MEET ON TUESDAY JUNE FOURTEENTH

On Tuesday, May 14, the Niles Parent-Teachers' Association will hold their regular meeting at the school at 2:30 o'clock. Report of the nominating committee will be heard, Mrs. J. E. Townsend being chairman.

Pittsburg — Three-story hotel may be erected in local business section in near future.

YOUNGER SET HERE ENTERS MOVIE CONTEST

A little bit of Hollywood atmosphere was to be found in Niles Saturday afternoon when several of the "younger set" appeared at the Register office to have moving pictures made to enter the contest being conductd at the Niles theater. No statements have been issued as to how the entrants are to be judged, whether for action, beauty, originality, or what have you, but it is certain that those who witness the showing of these pictues on May 8 and 9 will enjoy the performance immensely. The audience will declare the winner and the "cutest" little girl will receive a very lovely doll.

More than $2,000,000 will be spent by Rio Grande Oil Company for marine loading station and storage tank farm at Long Beach harbor.

Mrs. Roland Bendel Gives Broadcast Over KZM

"Better Reading in Better Homes" was the subject of the discourse broadcast by Mrs. Roland Bendel over Hayward station KZM last Friday evening in a program put on by the Parent-Teachers Associations of Southern Alameda county. Talent from Eden, Washington and Murray townships entertained those listening in.

Mrs. Bendel spoke in the capacity of chairman of Children's Reading of the East Alameda council of Parent Teachers' Associations, and as chairman of Better Homes Week, of Washington Township.

Speaking on "Better Reading in Better Homes," Mrs. Bendel said:

"At first thought the two might not seem related. In our enthusiasm for the bettering of the physical or external home, I urge you not to neglect the bettering of that even more important phase of the home, the spiritual or cultural home. And in this phase of the home, the teaching of children to read good books is one of the paramount duties of the parent.

We all know the tragedy of the empty mind, the mind that does not know how to beneficially fill a spare hour which it finds upon its hands. And I think one of the

(Continued on Page Six)

EX-GOV. RICHARDSON VISITOR IN NILES

Accompanied By Walter Yarwood, Publishers' Representative

Ex-Governor Friend W. Richardson, of San Francisco, called at The Register office today with Walter A. Yarwood, bureau manager of the California Newspaper Publishers' Association having as their luncheon guest, Norman Parks, publisher of The Register.

Gov. Richardson was returning from Oakdale and Sonora where he had adressed civic clubs with his "Around the World Talk" in which he gave a picture of the Orient seen through the eyes of a newspaper publisher. His addresses are said to be thrillingly interesting matter-of-fact descriptions of and comments upon the countries across the seas. He gave a tenetative promise to return and speak to the Niles Ad Club at some future date.

Mr. Yarwood called at the Register, since Mr. Parks is now a full-fledged member of the Publishers' Association. This organization is for business purposes and includes about 300 papers with headquarters at San Francisco and Los Angeles.

SCHOOL CLASSES HAVING ANNUAL PICNIC SUPPER

The seventh grade pupils of the Niles Grammar school held their annual May Day picnic in Rose's canyon Wednesday evening.

Next week, the senior class will hold their annual weenie bake.

Dates For School Commencements Set

June 14 has been set for the close of the Niles Grammar school and the annual graduation, which this year will consist entirely of vocal and instrumental music. A cantata, "Lindy," will be given by the seniors.

The high school graduation will occur on June 13.

COUNTRY CLUB WILL MEET ON NEXT TUESDAY

Important Business Will Change Plans For Card Party

Inasmuch as there is considerable business to be brought up at the May meeting of the Country Club of Washington Township to be held next Tuesday at 2 o'clock, the card party for new members has been dispensed with and a short program will follow the business session.

According to the year book the business session calls for reception of new members, etc. Reports will be heard from delegates to the district convention in Berkeley last week and from the flower show held the preceding week. Plans will be discussed for representation at the Santa Cruz state convention to be held May 8, 9 and 10.

Hostesses for the occasion are Mesdames W. Wyatt, E. A. Ellsworth, A. S. Biddel, J. L. Olsen, R. L. Pond, H. Searles, Ralph Emerson and E. M. Hawley.

Hazel Circle Will Give Whist Party

Hazel Circle of the Neighbors of Woodcraft will give a whist party at the Odd Fellows' Hall, May 8.

Peter Stratford's Story Is One of Courage, With Tragic Denouement

The person who was known as "Peter Stratford" in Niles for nearly three years, living during that time with a supposed "wife," and who was employed at The California Nursery Company and at the Schuckl Cannery here, proved to be a woman, the disclosure being made Wednesday when she was taken to the Highland Hospital after a severe illness which had confined her to her bed at the Belvoir Hotel for several months. Death came a few hours after the hospital was reached. The deceased was about 47 years of age. "Beth" Stratford, supposed wife of "Peter" left Niles about ten weeks ago for Los Angeles and has not been heard from since.

A story that aroused every newspaper in the bay section and brought a swarm of reporters and photographers, is one of tragedy and courage on the victim's part, and one of loyalty on the part of the only person in Niles who knew for months the facts in the case—a story that began in New Zealand and reached the World War activities in the Panama Canal zone to find its tragic and startling denouement in Niles.

When "Mr. and Mrs. Stratford" came to Niles about three years, they took an apartment at the Belvoir Hotel. "Peter" was employed as private secretary to the assistant manager of The California Nursery Company. He (or she, to be technically correct) later worked at the Schuckl Cannery company but returned to the office of The California Nursery, earning a reputation for efficiency, accuracy and courage in the face of physical handicaps, that has seldom if ever been equalled in that organization. Some mornings "Peter" came to work, staggering because of weakness caused by a long illness, but falling into a chair, turned out a "man-sized' day's work, continuing until it was a physical impossibility any longer to make the trip from the hotel to the office.

"I have never known of a case of greater courage," said the former assistant manager who happened to be in Niles today. "When 'Mr. Stratford' was forced to give up the work at The Nursery, I tried to make arrangements for medical treatment at the hospital. It was then I learned the true facts, which I had suspected for some time, and she told me the story of her disguise and the circumstances which brought it about."

It seems that she was a native of New Zealand. She had a masculine voice, even a masculine handwriting. She was fond of dogs, horse-races and other mannish sports. She was persecuted with accusations of being a man in woman's disguise and finally came to America where she adopted the dress of a man.

During the World War she served in the purchasing department of the Quartermatser Corps in the Canal Zone. It was reported that she had also been in motion pictures in Los Angeles, from where she came to Niles.

After she became too ill to continue working she was confined to her bed at the Belvoir Hotel and refused to go to the hospital for treatment. Wednesday morning her physical condition was so much worse that it was deemed wise to send her to the Highland hospital, even against her wishes and she was hence taken to Oakland, where hospital attendants discovered the true facts.

A query from The Tribune to the local correspondent started investigations and the evidence given by the former office manager of The Nursery was given only in defense of the heroism of the unfortunate victim of strange circumstances.

Water Situation In Township Reviewed By Chris Runkel

By CHRIS RUNCKEL Alameda County Water District

The old saying "It is darkest just before the dawn," seems quite applicable to the situation in the Alameda County Water District. Another dry winter and the absence of floods in Alameda creek has left the District in the worst situation in its history. The underground water levels are the lowest they have ever been. The salt from the bay has worked into the upper gravel area along the bay shore to a greater extent than ever before. A large part of the land in that area will be compelled to abandon irrigation this year because the water in the upper gravel beds is too salty. The lack of floods has left the East Bay Municipal Utility District with such a small storage in its local reservoirs that they will be empty in a few months. In order to stretch out the storage supply as long as possible the pumping at Alvarado has been increased to the utmost capacity of the plant and the pumping at Roberts Landing has been resumed

MOTHERS' DAY CELEBRATED ON MAY THE 12TH

Now Is Time To Obtain Gift to Commemorate Occasion

Sunday, April 12, has been designated as Mothers' Day through out the United States and already sons and daughters and husbands are making plans to celebrate this festive day of the year.

Now is the time to mail packages to those mothers who are in the east. A gift, a letter or at least a telegram, some reminder that on Mothers' Day the best little mother in the world is remembered should be the purpose of every person who is lucky enough to have a mother still living.

Remember that grandmothers and great-grandmothers, are still mothers and that "the other mother" has taken the place of the "mother-in-law." Now is the time for kiddies to learn that love for mother should be demonstrated. And how shall they learn unless they are taught, and who shall teach the children to remember Mother, if Daddy doesn't?

Niles' merchants are arranging a special stock of gift merchandise for this celebration. In this week's paper appear lists of articles especially appropriate.

Mrs. Tyson Hostess To Bridge Club

Mrs. Bob Tyson entertained the Friendly Bridge Club last Thursday.

WELFARE BOARD

The board of the Children's Department of welfare work for Southern Alameda County will meet at the Niles library next Thursday morning at 10 o'clock.

Try The Register print shop.

Re-Organization Of High School Board

The last meeting of the present High school board was held this last week. The re-organization session will be held in May when J. C. Whipple, of Decoto, will take place of H. C. Searles, also of Decoto. Other members are F. V. Jones, A. Bettencourt, J. Overacker and Fred Dusterberry.

Delegates Elected For Stockton Meet

Delegates to the June Stockton convention for Neighbors of Woodcraft were elected by Niles members as follows at a recent meeting: Mrs. Mary Miller, Mrs. Ida Easterday, Mrs. Joe Oliver, Mrs. Gertude Souza, Mrs. Sarah Crane and Miss Martha Crane.

Lloyd Leal, aged eight years, has returned home from the Martinez hospital where he underwent an operation for appendecitis.

Local Brevities

Mrs. William Eberly will entertain Toyan Branch of the Baby Hospital association at her home next Monday afternoon. Further plans will be made for the garden party to be given the first Saturday in June.

Mrs. Wm. Eberly attended a party in San Raphael Wednesday.

Rexall 1c sale now going on at Braun's Drug Store, Hayward, Thursday, Friday and Saturday, May 1st, 2nd and 3rd. Braun's Drug Store, Hayward, Calif.—m2c

An eight-pound son who will bear the name of Marshall Lamont Smith was born to Mr. and Mrs. Robert Smith of Niles Glen last Friday. Mr. Smith is connected with the Kraft Tile company and was formerly of Decoto but has lately returned to the township from Bakersfield.

Mr. and Mrs. Wm. Mendoza of Niles Glen are receiving congratulations upon the recent birth of a son. Mrs. Mendoza is Mrs. Roy Rose's daughter.

A new baby arrived about two weeks ago at the home of Mr. and Mrs. Walter Anderson, of Niles.

Miss Laura Dutra, of Newark, has taken Miss Ayers' place in the Niles Pacific Gas and Electric Company office.

Mrs. Jane Bond, who has been visiting her daughter, Mrs. A. W. Seebart, will leave next Thursday for her home in North Dakota. She will visit in Seattle and Vancouver en route, spending about a month on the way.

Mrs. George Leal and daughter, Elma, have gone to Pittsburg on business.

Considerable improvement has been made in the front lawn of Mr. and Mrs. George Butler, grass, flowers and shrubs making a decided change in the appearance of the yard which is inclosed with a new fence.

Mrs. George C. Roeding, Jr., will leave shortly for a two two months' visit with her family in the Islands of Hawaii. Mr. Roeding will go east on business for the California Nursery Company.

NILES---"Best By Test For Health and Wealth," Says Harvey Braun

Harvey Braun, president of the Chamber of Commerce at Niles, gave the following address over KZM at the Niles program Tuesday evening, April 16.

"In behalf of the Niles Chamber of Commerce, sponsors of this program, I want to thank Mr. Fein of Station KZM, those who are taking part in the program and the committee who worked so faithfully in making it possible to put on our first broadcasting program.

"Niles is a Garden of Eden located in the southern end of one of the richest, most beautiful and prosperous townships in the state —Washington Township. Niles, midway on the scenic state highway midway between Oakland, the industrial metropolis of the west and San Jose, the beautiful Garden City. It is only a matter of 35 or 40 minutes from Niles to either city

"In two minutes you can drive from the heart of Niles to beautiful Niles Canyon. It was at one time called the playground of the East Bay but since we have two bridges across the bay, Niles Canyon has became the playground of San Francisco and the peninsula as well. It is the mecca of thousands of automobilists weekends and holidays. I haven't time to describe the beauties of this wonderland, but to those of you who have not visited Niles Canyon, bring the wife and the kiddies and spend a day next to Nature. No need to drive a long distance. We know that after one visit you will come regularly.

"Niles is justly proud of its climate, industries, transportation and agriculture. We have the climate that some other communities boast and our southern neighbors have spent millions of dollars in advertising. Records show that Niles has as many sunny days as any spot in California, and that is saying a lot. We have neither the chill of the bay nor the heat of the valley.

"We have nine prosperous industries employing up to 200 persons each with some employing as many as 500 in the peak of the season, and our industrial possibilities are unlimited, unlimited because of the mild climate, practically no labor turnover and the best transportation available anywhere. Niles is served by two trans-continental railroads, the Western Pacific and the Southern Pacific, both having extensive switching yards. The Southern Pacific has switch engine service for its industries, insuring almost immediate service. The Peerless Stages furnish hourly service and the Dumbarton Bridge and the new San Francisco Bay Bridge have increased the truck transportation through Niles for the reason that through Niles Canyon is the only water grade route from the interior to the bay section.

"We can thank the Board of Supervisors for a good system of roads, and as for agriculture, Niles is without a peer. Our apricots are known to be the best and are grown extensively. Cherries, walnuts, strawberries, tomatoes, peas, spinach, cauliflower, potatoes and other garden truck are shipped to Eastern as well as local markets. I might mention that our crops were not injured by the frosts that did so much damage in other sections. We have the oldest and largest nursery in the west which speaks well for the soil and the climate.

"Niles is growing steadily. We have an up-to-date theater, the only talkie between Oakland and San Jose, a beautiful $30,000 library building, a fire house, a new $40,000 bank building now being erected and a $40,000 Legion Memorial building will be built this summer.

"I have only started to tell you of the advantages of our town, but my five minutes are up. I want to extend greetings from the Niles Chamber of Commerce. We meet every Tuesday noon for lunch at the Florence Restaurant and invite members of any chamber of commerce or other booster organization, to join us when you are in our vicinity on that day.

"Niles where climate, industry, transportation and agriculture meet. Best by test for health and wealth!"

Yes M'am!

Always On Time!

YOUR entire week's laundry is returned to you—washed spotlessly sweet and clean—on time, as promised. We're keen for quick delivery.

YET WE'RE SLOW

Sounds like a paradox. But we don't sacrifice careful work for speed. We wash your things as slowly and as carefully as you would do yourself. Our staff is large and skilled, our equipment most extensive, hence we can do any job right and still deliver your wash on time.

The "Last Spike" will never be driven

—Southern Pacific still building with the West

The 60th anniversary of the driving of the Golden Spike, May 10, Southern Pacific's Golden Jubilee, finds this western railroad still building. Weaponed with crude tools, courage and vision, the early pioneer had hand-carved a way to the new West. With the vision of the pioneer, the West has carried on, and with it, step by step, Southern Pacific has builded.

In the last five years Southern Pacific has built more new line than any other railroad in the United States.

In fifteen years Southern Pacific has built 1481 miles of new line at a cost of 88 million dollars. Of this, 40 million dollars has been spent in Northern California and Oregon.

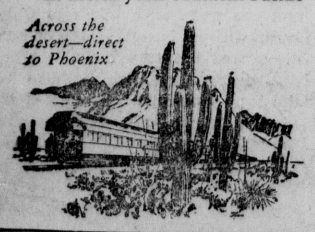
Through the barrier of the mighty Cascades it has created a new north and south railway. It has double-tracked its OVERLAND ROUTE line over the Sierra. A new main line has been built through Arizona. From Wendel, California, to Lakeview, Oregon, has been broad-gauged.

Now Southern Pacific is completing a short line transcontinental railway through Southern Oregon and Northern California. The Cascade line of the SHASTA ROUTE and the OVERLAND ROUTE will be connected.

Thru the mighty Cascades

From less than 700 miles in 1869 to 16,520 miles today is but one way of recording Southern Pacific's 60 years of work.

Behind this cold fact of miles built is the epic story of the development of the West. A story of progress indelibly written in the traditions of the West.



Across the desert—direct to Phoenix

Splendid Collection of Prints Of Famous Paintings In Niles

It is to be regretted that more of the township people did not take advantage of the opportunity to visit the exhibit of copies of famous paintings shown at the Niles Grammar school four days this week. One of the most splendid collections of prints ever seen, is the report of a number of competent critics who visited the display. Perfect in coloring, atmosphere and detail the copies in many instances when viewed from a distance almost convinced one they were paintings instead of prints.

Averaging 27 inches square, the 150 or more pictures covered the walls of several class rooms and were probably of untold value in originating or cultivating love of beautiful pictures in the minds of the pupils. "We can hardly bear to give them up," said one of the teachers.

Among the famous artists represented were Gainsborough, Titian, Da Vinci, Murillo, Van Dyke, Corot, Raphael, and many others. Among the more modern artists were subjects from the brush of Ben Foster, George DeForest Brush, George Innes, Ernest Albert, Frank Duvenek, Gardner, Symons, Bruce Crane, William Wyant and others.

All of the old childhood favorites and some new ones were there, "Spring Song," "Daisies," and others by Glicklich; Reynold's irresistible children, Corot's lovely landscapes, the ever-popular Blue Boy, glimpses of interesting corners in the old countries, our own patriots, Washington and Lincoln, and of course "The Gleaners," "A Reading from Homer," and others long familiar with even the school children, while interspersed were bits of bright color by the more modern painters, but every print a copy of a worthwhile picture.

Children are learning more than the words in the books at the Niles Grammar school through the efforts of Principal E. D. Bristow who has brought already this term a number of worthwhile outside interests, including travel pictures of Alaska, Indian interpretive dancing, the Bohemian glass blowers and this last superlative exhibit of pictures.

Had this last affair been supported as it deserved, by the adults of the community, sufficient funds would have been raised through the small voluntary offering asked to purchase a few of the pictures for the school where the children could absorb to that extent at least something of art and beauty.

However, the children are after all the more important portion of the population and inestimable good has probably been done by this showing.

SEAMAN'S BOOK WEEK SET FOR APRIL 17 TO 24

Books to be Given Should Be Taken To Your Library

Seamen's Book Week was celebrated again April 17-24, in accord with a plan started in 1923 when it was undertaken to supply libraries to merchant ships that leave California ports. During the past year 1,012 ships have been served with libraries, nearly two and a half times as many as in 1923. More than 75,000 books were placed upon these ships during 1928.

Last year more than 14,000 books were received by the Seamen's Book committee from the people of California. It is the aim of this group to increase the amount of books received during the 1929 Seamen's Book Week.

Any person in Washington Township who wishes to contribute books toward this project is asked to leave them at the various branch libraries.

Libraries on ships encourage the more worthwhile boys to go to sea; makes far more contented crews on ships, and for better educated citizens.

West Coast Acquires Dolan Theater Circuit

Acquisition of the Dolan circuit of theaters by Fox West Coast theaters has just been announced by Harold B. Franklin, president of the latter company. The ten theaters comprising the circuit are all in the state of Washington and include the D and R, the Bijou the Weir and the Dream theaters in Aberdeen, the Grand and the Liberty in Centralia, the St. Helen and the Liberty in Chehalis, and the Liberty and the Seventh Street, Hoaquim.

The purchase of these theaters greatly strengthens the position of Fox West Coast in the northwest and brings the total number of theaters under the operation of that company to two hundred and thirty-five.

It also brings the total number of houses under the management of the William Fox organization to 1250, the largest group of theaters by several hundred under one banner in the world.

This huge national circuit of theaters embraces houses of all capacities, most of them of the latest type. Such theaters as the Roxy and Capitol in New York city are named on the list.

Among the circuits under Fox control are the Loew national circuit, the Poli in New England, and the Midwestco in the middle west.

PRIZES OFFERED SAFETY ESSAYS

State Automobile Club To Give Prizes To School Children

Niles Grammar school pupils are eligible for cash prizes and medals being offered in a traffic essay contest for pupils of the fifth, sixth, seventh and eighth grades of schools in Northern and Central California, announced recently by the California State Automobile Association. In conjunction with its traffic safety educational work in schools the Automobile Association will have charge of arrangements in this section for the eighth annual safety campaign conducted throughout the nation by the Highway Educational Board.

The subject of the pupil essays is "My Duty as a Junior Citizen to Observe Traffic Rules." The first prize in California will be a gold medal and $15; second, a silver medal and $10 and there will be eleven third prizes of bronze medals and $5 awards. State winners will be eligible for national prizes.

BERGER'S STORE ANNEXES ANOTHER OAKLAND COMPANY

The Oakland Desk and Fixture Company of 578 Twelfth St., will be moved to the Harry M. Berger establishment at 736 Twelfth St., Oakland, in the near future. An addition about 20 feet wide, extending the full length of the building, has been made to the Berger headquarters, full-sized plate-glass windows making this one of the most attractive display windows in the city.

With the combining of the two businesses, Mr. Berger now has four floors of offices, where shoppers for household goods, office equipment, etc., will find a large assortment of high grade articles Mr. Berger promises to furnish "anything under the sun."

Health Center Boards Will Meet On May 4

A meeting of the Health Center boards of Southern Alameda County will be held at Pleasanton, Friday, May 3 at 4 o'clock in the afternoon.

GRAMMAR SCHOOLS HAVE ANNUAL PLAY DAY

The township grammar schools will celebrate their annual Play Day, Friday on the high school grounds. The Boys' and Girls' "W" Clubs of the high school will assist in the fete in which 1,000 school children will participate.

In the morning various games will be played, baseball being the major sport. Volley ball, basketball games are also scheduled.

A short high school band concert will furnish entertainment for the noon hour.

The afternoon is to be devoted to the track events.

Excelsior Bakery Buys New Ford Truck

The Excelsior Bakery has purchased a new Ford delivery truck from Dohner & Galbraith this week. This new delivery wagon was needed for their great increase in business.

Knights Pythias Go To Oakland Meeting

A delegation of Centerville Knights of Pythias attended the Fiftieth anniversary of the Oakland chapter of Knights of Pythias, tonight. Those who went were J. D. Norris, F. T. Dusterberry, Frank Veit and M. V. Silva.

Mt. Shasta—Forest Service has approved allottment of more than $51,000 for improvement of Shasta National roads and trails.

54th Anniversary Is Observed at Vallejo

Mr. and Mrs. George W. Mathiesen and two children motored to Vallejo last Sunday morning to help celebrate the fifty-fourth wedding anniversary of Mrs. Mathiesen's mother and father, Mr. and Mrs. G. R. Young, of Alameda.

The reunion dinner was held at the home of Mr. and Mrs. F. P. Young, of Vallejo.

The Vallejo home was decorated in yellow and blue; a big surprise was tendered Mr. and Mrs. G. R. Young, bride and groom of fifty-four years. Both were well and very proud to be the parents of ten children and seven grandchildren. A purse of gold was presented the bridal couple. Those present were Mr. and Mrs. G. R. Young, of Alameda, Mr. and Mrs. F. Souza, Alameda; George B. Young, Vallejo; Mr. and Mrs. Frank P. Young and three grandchildren, of Vallejo; Mr. and Mrs. Robert Young, of San Francisco; Mr. and Mrs. George W. Mathiesen and two grandchildren, of Centerville.

Grammar School Has New Printing Press

Sufficient funds from the grammar school paper drive were raised to purchase a small printing machine to publish the "Oracle." No class brought in more than a ton of papers.

Welfare Ship Meets At Mrs. Bunting's

The Welfare Ship met at the home of F. O. Bunting last Tuesday. Mrs. Hatch, of Niles, brought work for them to finish.

The Register for job printing.

Grammar Schools of Township Planning Annual Operettas

The vocal music classes of the various township grammar schools are busily preparing for their first operetta. Mrs. Charlotte Foster is directing all of these productions.

"Love Pirates of Hawaii," a popular operetta, is to be presented by the pupils of the Irvington Grammar school. This was given by the high school glee clubs and was a great success.

Alvarado pupils will present "Grand Mother's Flower Garden" next month. An able cast has already been selected.

Alviso Grammar school, not to be outdone by the larger schools, will present "Let's Go Traveling."

An Arabian Nights operetta, "Ali Baba, or the Forty Thieves," is the production on which the Newark pupils are working.

Centerville's operetta, "El Bandido," is to be presented in June under the direction of Mrs. Inez Silva. The school orchestra will accompany the production.

A cantata entitled, "Lindy," will be given soon by the pupils of the Niles Grammar school. Names of those in the cast and choruses will appear later.

Guild Will Meet On Next Wednesday

Miss Edith Bergman and Mrs. Ames will entertain the St. James Guild on Wednesday at Memorial Hall.

CARD CLUB IN SAN JOSE.

The Evening Card Club was entertained by Mr. and Mrs. Eric Bergstron of San Jose, Saturday evening. Five tables of whist were enjoyed. Dinner was served before the game began. Mrs. Howard Chadbourne, Mrs. W. L. McWhirter and Mrs. Merle Snedeen won prizes.

Sacramento—Hotel Clunie remodeled, redecorated and refurnished.

Centerville Men At Fish and Game Meet

J. Overacker, of Mission San Jose, accompanied A. Gronley and G. W. Mathiesen to San Francisco last Saturday to attend a district meeting of the Fish and Game commission and voluntary game wardens. After the day's business session, dinner was served at the Commerical Club.

Miss Norris Hostess To "Sweet 16" Club

Miss Miranda Norris entertained the "Sweet 16" Card Club at her home last Thursday. Prizes were won by Mrs. Mary Mathiesen, first; slams, Mrs. Christiansen; Mrs. Oaks, booby.

* * *

Among the Centerville people who attended the meeting of the Niles Ad Club dinner Tuesday evening were Judge Allen G. Norris, Mr. and Mrs. McGee, Mr. and Mrs .C. H. Waterbury, Joe Bauhofer, Joe Dias, Mr. Jacobus, D. F. Gatchel and others.

* * *

Mrs. F. O. Bunting returned from her southern trip on Tuesday. She visited Fresno, Coalinga, taking in Kettleman Hills, then on to Huntington Park. In that city she visited her old friends, the Borsts.

***

Mrs. Philip Griffin who has been living at the Garret Norris home is planning to move to Yreka soon.

* * *

Five ladies, of Centerville, attended the Bridge party given at Mrs. E. L. Cockefaire's, Tuesday afternoon.

* * *

Mrs. Jack McGee visited in San Jose, Monday.

MISS SILVA DIES.

Miss Kathryn Silva, aged 25, passed away at the Bellmont Sanitarium last week and was buried here Saturday. Services were performed by the Rev. Father Souza and Father Leal. She is survived by her sister, Mrs. George Silva, and a brother, Alphone Silva, of Hayward.

The deceased had unusual artistic ability.

She attended the University of California and the California school of Fine Arts before her failing health confined her to the sanitarium. Her death is mourned by many friends of this community.

The Register for better printing.

Maple Camp Presents Initiation Program

Initiation and dancing featured the meeting of Maple Camp, W. O. W., Wednesday in Centerville. A number of out-of-town guests were present.

WASHINGTON'S NINE DEFEATS ALAMEDA BOYS

On Tuesday, April 23, Washington's baseball nine defeated the Alameda squad by a score of 7 to 6. This assures a second place in the A. C. A. L. for Washington high school.

The line-up included Caldeira, Cull, Fontes, Pine Lebon, Cahill, Swanson, Fields and Ferry.

Southern Pacific Serves Raisins By the Tons

Rasin dishes were featured on the diners of all Southern Pacific trains in co-operation with the rasin growers who staged their special week April 22-27.

The Southern Pacific is one of the largest consumers of raisins in the country according to Allan Pollock, superintendent of dining car service for the railroad, who state that the company uses tons of raisins on its dining cars, in its hotels and restaurants.

The chefs used much ingenuity in planning new dishes in which raisins are used.

Associated Oil company erecting absorption plant in Martinez.

TWO CONVENTIONS FOR WOMEN ARE ANNOUNCED

Two important conventions of interest to Washington Township Women have been announced for Santa Cruz. The State Federation of Women's Clubs will meet May 8, 9, and 10, and the Parent-Teachers' Association will hold its state gathering there on May 20 to 25.

Worthwhile programs have been arranged for both these meetings and a number of local delegates are planning to be present.

Visitors have passed through the plants of the Ford Motor Company at Detroit in such numbers during the last year that on some months more than 50,000 persons witnessed productions.

YOUR QUESTION AND ITS ANSWER

QUESTION:

"I am a woman of forty years, feel exhausted all the time, have little appetite, take cold easily, back aches, am nervous and have headaches. What will your treatment do for me?"

ANSWER:

The symptoms you name are danger signals; Nature's warning that something is wrong with your human machine, and that the cause demands attention. Phone me and I will give you an appointment for an examination. This is necessary in order to determine just what is causing all your trouble. After we have found the CAUSE there will be no trouble to correct it. Conditions like yours are very common and respond very quickly with the proper drugless treatments once the cause is found. Act today; do not delay. Examination is without charge.

DICK BARTHELMESS MAKING RECORD SHOWING

Richard Brthelmess in "Weary River" is proving a decided success at the Niles Theater, record crowds having attended at its first showing Wednesday evening. This popular show is scheduled for this evening, Thursday, and also Friday evening.

On Saturday, Buzz Barton will appear in "The Vagabond Cub," the "Collegians" also showing.

Sunday and Monday, William Haines will appear in ' 'Alias Jimmy Valentine," a talking picture.

Next Wednesday and Thursday, Clara Bow will play in "The Wild Party."

FISHING SEASON OPENING FINDS STREAMS CLOSED

Many local anglers are already getting out fishing tackle for the season which opened May 1, and reports from state headquarters indicate that clear and low water in many sections assure good fishing for the opening of the trout season and bad roads and heavy snows will keep anglers out of several good streams in other regions.

All fishermen are warned that they must secure fishing licenses before attempting to take game fish. They are also advised to familiarize themselves with the laws, limits, seasons, districts, etc., covering this sport in California.

Bad roads will keep anglers away from most of the good fishing streams in Calaveras county. Snow blocks the road from the big trees to the east and this condition is expected to prevail for some time.

A number of the popular streams have been closed to fishing in order to protect spawning areas, this action having been taken after careful investigation and requests made by fish and game protective and sportsmen's organizations.

Local parties planning fishing trips may see detailed descriptions of conditions prevailing in various sections from reports filed at the Register office.

MOTOR DIRECTORY SERVICE TO BE HERE

Niles Chosen as One of Seventy Cities for Tourists' Guide

Niles has been selected as one of 70 towns throughout the state as a branch of The Motorists' Directory Service and negotiations are under way to establish one of their Directories here.

These directories are artistically constructed and bear the aspect of a huge picture portraying the benefits and advantages of the local community. In the center is a six-foot map showing the surrounding country within a radius of 50 miles and are hence of real service to the motorist. Accompaning the map are directions to headquarters of various service the motorist may desire, food, automobile accessories, points of interest in that vicinity, etc.

The pictures are done in oils by well-qualified artists and are a distinct asset to the community in which they are placed.

Niles is selected because of her location on main Oakland-Santa Cruz highway, one of the most heavily-travelled arterials of the central part of the state. This fact also called for the recent installation of a score or more of "Stop" signs by the State Automobile Association.

SAVE PAPERS FOR CAMPFIRE GIRLS CAMP FUND

Now that the time for spring house-cleaning has arrived, housewives are doubtless finding tons of old magazines and newspapers that will be of service to the Niles group of Campfire Girls, who are collecting paper to be sold for camping funds.

Any persons having papers is requested to telephone any one of the Campfire Girls or the guardian at Niles 153. The group will meet Friday evening.

STATE FAIR SET FOR AUGUST 31 TO SEPTEMBER 9

The dates of California's State Fair for this year are seven months distant, but it is well to make note of them now, and also to make plans for visiting this remarkable exposition at Sacramento, August 31 to September 9. Alameda county will be represented, the exhibit being one of the prize winners last year.

Even in ordinary years the State Fair is a magnificent display, and this year it will be greater than ever because it is a red-letter event—the seventy-fifth anniversary of California's first state fair—to be augmented by a Western States Exposition.

From its very inception the State Fair has been California's most forceful factor in advertising her agricultural and horticultural resources. Seventy-five years ago the discovery of gold had attracted the world's attention to California's mineral wealth, but her agricultural advantages were practically unheralded and comparatively unknown until the first state fair was held in 1854.

That pioneer exposition awakened the people of the state to the potential wealth of California's soil for the purposes other than mining, and, moreover, it sent the same message around the globe. Newspapers throughout America and in foreign countries printed detailed accounts of the variety and amazing size of products exhibited at the first state fair.

The second state fair, in 1855, proved to be a still greater success from every standpoint. It featured, for example, the first display of California citrus fruits—choice samples from the seven orange trees planted in Los Angeles by William Wolfskill. His seven trees, that year, netted him $700; now the annual value of Californias orange crop is over $70,000,000!

NILES SCHOOL TO PARTICIPATE IN ANNUAL PLAY DAY

Fifth, sixth, seventh and eighth grade pupils of the Niles Grammar school and their parents will attend the annual play day for township grammar schools to be held at the high school next Saturday. Parents are especially urged to be present.

A picnic lunch will be served at noon, each family to bring its own food. Athletic events and games will be featured during the day.

OVER THE STATE

Wilmington — New addition to First Christian Church formerly dedicated.

Mission Drive now paved between Ontario and Pomona.

Carmel—San Simeon highway under construction.

WHAT IS A REXALL ONE-CENT SALE?

IT is sale where you buy an item at the regular price, then another item of the same kind for one cent. As an illustration: The standard price of Klenzo Dental Creme is 50c, you buy one tube at this price and by paying 1 Cent more, or 51c, you get two tubes, and save 49c cents. Every United Drug Co. article in this sale is a high quality guaranteed product, just the same as is sold every day at the regular price. No limit—buy all you want, but on Thursday, Friday and Saturday only of this week. Braun's Drug Store. The Rexall Store, Hayward, Calif.

GET-TOGETHER FOR SCOUTS AND GIRLS

Plans Being Made For Good Fellowship Gathering

At the regular Friday meeting of the Boy Scouts announcement was made of a "get-together" meeting of scouts, campfire girls, parents and friends of each. Definite plans as to time and place for this meeting will be announced later.

Sixteen members of the troop under the leadership of Morrison Green, accompanied by members of the troop committee spent Saturday afternoon at Alum Rock Baths. The boys are showing satisfactory progress in their swimming and it is hoped that within a short time every scout in the troop will be able to pass swimming tests.

The regular monthly meeting of the troop committee will be held Thursday evening at 8 o'clock at which time plans for troop activities for the coming month will be made.

Considerable interest in ways and means of getting to Scout Camp is being felt by the boys. A scout is expected to earn the $15 necessary for a two week's outing at Diamond Camp.

Oakland—$16,500,000 bond issue will be voted on by local residents in near future for highway and storm sewer construction.

Tulare—Construction of auditorium proposed for Tulare Union High School.

Reseda—$25,000 business building being erected on Reseda Boulevord.

DO THE PUBLIC WANT IT?

IN the age of wonderful inventions, each new one that makes its bow to an expectant world, is predicted to be a revolutionizer and to be the overthrower of many of our habitual and everyday customs. The automobile was "opined" to drive the horse out of existance, except in menageries—yet, never in equine history have horses brought such prices as they bring today, or has so much attention been devoted to their care.

The same is true of the Radio and Newspaper Advertising—in fact it was even predicted that Radios would put Newspapers out altogether. But never have Newspapers been so complete—never have such sums been spent in

Newspaper Advertising

The automobile has become the carriage of the horse—we see him being hauled around every day—the radio has become the servant of the Newspaper. The news comes over the radio to the papers and through the papers is carried back to the people who look for it expectantly and read it as eagerly as in the days before one could reach up with a fly swatter and take it out of the air.

The greatest impression and the most natural one is made on the brain through the medium of the eye—a good advertisement, well set up, registers its impression on the brain even though seen hurriedly and will bring itself before the eyes as a vision hours after it is past. Most of all

People Like To Read

the advertising along with the news. We are accustomed to having it that way and we are creatures of habit—that is why we like to read our radio news in the paper, even tho' we have heard it over our radio.

Moreover, we prefer taking our entertainment straight. The following clipped from the San Francisco Chronicle shows the drift of the mind of the people—Radio advertising is doomed.

Free Entertainment Draws Most Criticism

Editor The Chronicle—Sir: Can an experienced radio fan give us a good reason for the habit of some announcers, viz., to speak while the music is going on? To say it mildly, that is a very annoying habit for us listeners. Can he not tell either before or after the musical number whatever he has to say? Does he not realize that by his unwarranted "butting in" he spoils the music?

We listeners-in do not care a bit to hear about superior qualities of this or that product, nor about the high interest offered by this or that bank. We bought our radios only for entertainment and we don't want it marred through oral advertising interference.

PUBLIC SCHOOLS WEEK PROGRAM WASHINGTON HI

An unusually large number of parents visited the Washington Township schools last week during Public Schools Week, the event culminating in a program at the high school last Thursday evening, preceded by a band concert at 5 o'clock.

Rev. J. R. Stevenson gave the invocation and Mrs. R. Bendel chairman for "Better Homes" week, spoke on that subject. Dr. William Proctor gave an address much enjoyed by his audience and and vocal and orchestral music completed the worthwhile program.

RAMOS PLACES IN STANFORD AND CALIFORNIA A.C.A.L. TRACK MEETS.

The California freshmen defeated the A.C.A.L. high school track team Saturday, March 23, by the score of 84-38. Somewhere in the list of point winners for the high schools you will find the name of Ramos. Yes sir, Sabino took third in the mile in the best race of the day, run in the remarkable high school time of 4:47.

Leonardo came near to placing, getting off a good heave.

Avila and Dick, the other Washington entrants, were not so fortunate.

On the following Saturday, March 30, the California freshmen again defeated the team by a score of 74 to 48. Once again Sabino Ramos took a third place in the mile run. The high schools did much better in the last meet, taking six first places. The high schools scored as follows: Berkeley 17½, Alameda 11, Hayward 2¼, Washington 1.

Three cheers for one of the best teams in the history of the school.

Montebello—Steel work for new $8,000,000 Samson tire factory completed recently.

MORE ON MRS. ROLAND BENDEL

(Continued from Page One)

happiest, most fruitful ways in which to solve this problem is to teach the child to fill those leisure hours with the reading of good books—for we all know that the true character of the individual comes to light, not by what he does during his working hours, but by what he does with his leisure hours. And nothing can develope that character better, from childhood up, than the habit of spending hours in the companionship of the very finest men and women throughout history and fiction, within the covers of the printed book.

Perhaps the first thought that comes to the parent is "How Can I develope this habit of good reading in my children?"

Mrs. Bendel then outlined six ways of bringing this about:

1. Propinquity of the books—leave them lying around—do not wait for the child to ask for them.

2. By the use of the Public Library, after the Parent has developed the habit in the child.

3 By ownership of the books—child's pride in being able to say "It's mine." Give books as gifts whenever possible.

4. By encouraging the teachers to give more book reviews in school.

5. By telling or reading scraps of a book, and so arousing his curiosity.

6. By that age-old and best of all methods, story telling.

In closing, Mrs. Bendel said: "I hope that I have helped some mothers or fathers in their efforts to develope this habit of better reading within their young people. And I think you will find, as the years go by, that if you have taught your children to love the company of good books, they will unconsciously seek out boys and girls of the same high calibered characters as these characters of history and fiction they have learned to love. And when you have accomplished that, you have taken at least one great stride toward the developement of the "Better Citizen"—and when you mothers and fathers and only when, you have developed the "Better Citizen," will that citizen go forth and create the "Better Home" of tomorrow.

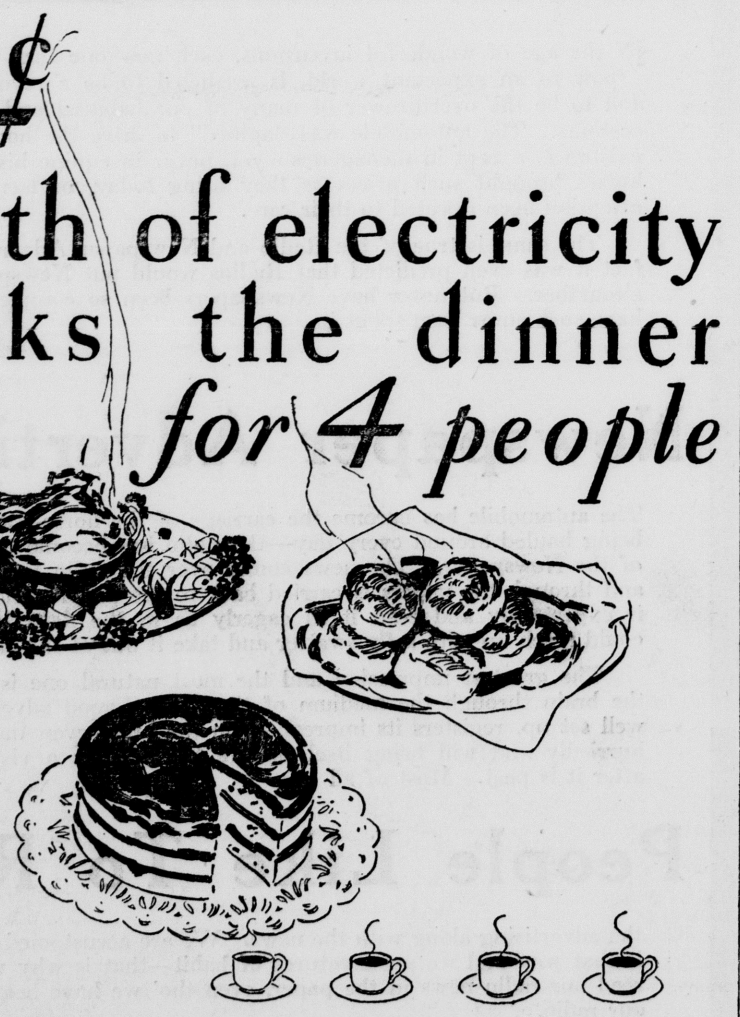
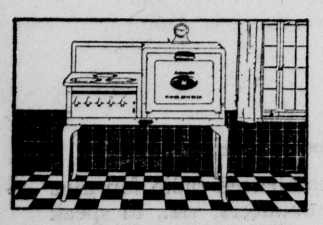
SAN JOSE, CALIFORNIA

4¢ worth of electricity cooks the dinner *for 4 people*





How the electric range improves cooking! Tender, juicy browned roasts with all flavor sealed in. Steaks broiled without smoking. Cakes fine in texture. Pies with delicious, flaky undercrusts. Such cooking you can do with less effort electrically, because the electric range is fully automatic.

The new porcelain enameled electric ranges are speedy. Biscuits, for example, are put into cold oven. They are done perfectly in about 11 minutes.

ABOUT 1c per person, less than the price of the coffee itself — that's the AVERAGE cost of cooking a family's meal with an electric range. Perhaps you never believed it to be so economical.

But remember, the electric rates were cut about a year ago. And today the price of electricity is below the price of electricity in the year 1914, although the cost of other things rose skyward as you well know.

What is the monthly cost?

A survey among our customers' accounts shows that the AVERAGE sum paid by our customers for cooking electrically, **including lighting and small appliances,** is but $5.76 per month! An amazingly low price for modern comfort, cleanliness and perfect baking.

Come in to our office or a dealer's store and see these modern electric ranges that are so reasonable to operate.

Community Church Is Host At Banquet

The congregation of the Community church gave a banquet Wednesday evening. The supper was furnished by the Christian Endeavor and prepared by the Mothers' Club.

Following the banquet, Rev. Stevenson preached. The members have thoroughly enjoyed his sermons for the last six months.

Local People Attend Farm Bureau Meeting

About sixteen Decoto ladies attended the tri-county meeting of the Farm Bureau at Livermore High school, Tuesday. Following a fine luncheon a program was put on with Mrs. Frank Leonard rendering several pianologues.

Twenty From Decoto Confirmed Sunday

Twenty young people of Decoto were confirmed Sunday morning at the Corpus Christi church by Archbishop Hannah, of San Francisco. Nine boys and girls received their first communion at the Holy Rosary Catholic church, Sunday morning, Father Holahan officiating.

Mrs. Bowers Hostess To Mothers' Club

The Mothers' Club met at the home of Mrs. G. F. Bowers, last week.

Special Meeting At Community Church

Banes Anderson, Jr., the most popular "Fisherman" who speaks often at the Community church, will again address the congregation this Sunday evening. Seven o'clock is the time. The Christian Endeavor meeting is to be held over until eight o'clock.

Decoto People Aid Corpus Christi Fund

Over twenty people attended a whist party in Niles given for the Corpus Christi choir, Tuesday evening.

Mr. and Mrs. J. L. Olsen visited in San Francisco, Sunday.

* * *

Peter Decoto is in Arizona at present on business.

* * *

G. W. Courtney and family, of San Jose, are new residents of Decoto. Mr Courtney is the new Southern Pacific agent here.

* * *

The P. A. Swanson family spent Sunday in Oakland at a relative's birthday party.

* * *

Mrs. A. Amaral and Lawrence Pimentel attended the program and luncheon at the Del Valle Farm, Sunday.

* * *

Manuel Joseph and family, of San Francisco, spent the week-end with Joe Mendonca and family.

OFFICERS FOR STUDENT BODY ARE NOMINATED

The following officers have been nominated for the Student Body Association of the Washington Union high school:

President, Eugene Dusterberry and Fank Pimental; vice-president, Elizabeth Shinn and Marie White; secretary, Mary Lucas and Gertude Ellsworth; treasurer, Howard Overacker; editor-in-chief of "The Hatchet," no nominations; business manager of The Hachet, Sid Lawler; boys' athletic manager, Raymond Crane; girls' athletic manager, Lola Luna.

Chamber of Commerce Men Go to Oakland

Harvey Braun and J. E. Townsend, of the local Chamber of Commerce, with Roland Bendel, of the Decoto Chamber of Commerce, attended the recent meeting of the County Development Board in Oakland.

Richmond—Reclamation of 1,600 acres of local waterfront land for industrial purposes is now under consideration.

MOREON WATER SITUATION

(Continued from Page One)

for this season. For the next four months the water level will continue to lower and the District will pass through the darkest and most discouraging period in its history.

Release Larger This Year

Fortunately for the District the kind of season we have had the past winter worked to the benefit of the District in the matter of released water. This year we will get about 750 million gallons of released water from the storage in Calaveras dam. This is about twice what we receive each year. It will take about all the water stored in the big dam during the past winter to supply the Alameda County Water District with the released water due it under the Bailey formula. The release will of course greatly benefit the limited area above the fault, the Niles section. The rest of the District below the fault comprising about ninety-five per cent of the area of the District will get a limited benefit. The amount of the released water is not large enough to make up for the lack of supply which is ordinarily furnished by the winter floods. It will help, howver, to supply the extra amount being pumped this summer at Alvarado by the East Bay Municipal Utility District. It will help to some extent and delay for a while the rapid lowering of the water table below the fault. It will help to shorten the very critical period through which the District must pass during the next four months. The value of this released water to the Spring Valley Water Company if it were taken to the other side of the bay and sold at the present water rates will run all the way from $175,000 up to $225,000. From a financial standpoint it is safe to say that no other water district in California can show a better return from an annual investment of $10,000, the amount of the District's tax budget for each of the past three years. The value of the released water obtained in previous years since 1916 will total a figure many times the total cost of the District since its organization.

There is another aspect of the great value of the released water which has been secured by the District during the past thirteen years. If this release water had not been obtained and placed in the gravel beds the water table would have reached an even more dangerous level than that of this year fully five years ago. The result would have been a salt penetration from the bay that would have practically ruined the underground supply and brought about a situation which would have taken many years to remedy. Bad as the situation is today it woud have been utterly hopeless had not the levels been kept up by the released water since 1916.

Relief At Hand

Because of the immense sum being spent by the East Bay Municipal Utility District to build the Mokelumne system and the earnest efforts of the directors of that district to speed up the bringing in of the Mokelumne water there is hope that this will be the last critical year in the water supply situation of the East Bay cities. The Mokelumne system is fast approaching completion. By July of this year Mokelumne water will be brought to San Pablo dam. By September of this year Mokelumne water will be placed in Upper San Leandro dam. In order to do the latter the East Bay Municipal Utility District is rushing the building of over four miles of pipe line from Lafalette to the Upper San Leandro. The Pardee reservoir already has sufficient flood water in storage to furnish this emergency supply. We have the promise of the Directors of the Utility District that as soon as the Mokelumne water is brought to the East Bay reservoirs in sufficient quantities the pumping at Alvarado will be cut down. The stopping of pumping altogether at Alvarado can not be expected until the Utility District has settled its fight with the Delta farmers. One good rainy season will help that situation. The State Water program may also help. At any rate after September of this year the Utility District can lessen the amount of pumping at Alvarado. The only way that the people of the Alameda County Water District can help the present situation is to limit irrigation to the crops that must be kept up until September. After that the crisis will be passed.

Hetch Hetchy In Two Years

Another very cheering factor that will help our people to face the present depressing situation is the good news from the Hetch Hetchy. Remarkable progress is being made in the boring of the tunnel. Over a mile of tunnel is being bored each month. We are assured by Chief Engineer O'Shaughnessy that this can and will be increased to such an extent that the big tunnel will be driven through in less than a year and a half and be reeady for use in a little over two years time. The pipe line across the San Joaquin valley will be built while the tunnel is being completed and will be ready by the time the tunnel is finished. Then our Water troubles in the Alameda County Water District will be over and we can begin to build up the underground water supply for irrigation and also be assured of a fine supply for domestic use.

In another article we will take up the plans of the district for the next year and will also call particular attention to the relation of the Hetch Hetchy supply to the Alameda County Water District for domestic purposes and fire protection.

LEGAL NOTICES

NOTICE OF SHERIFF'S SALE OF REAL PROPERTY ON EXECUTION

No. 90147

Mary Figueira, plaintiff, vs. Manuel Silva, also known as Manuel Costa Silva, defendant.

By virtue of a Writ of Execution, issued out of the Superior Court of the State of California, in and for the County of Alameda, wherein Mary Figueira, is plaintiff, and Manuel Silva, also known as Manuel Costa Silva, is defendant, upon a judgment rendered by the said Court on the 22nd day of August A. D., 1927, for the sum of $1090.00, lawful money of the United States, besides interest and costs, I have heretofore levied upon all the right, title, claim and interest of Manuel Silva, also known as Manuel Costa Silva, the therein named defendant, of, in and to the following described Real Property, to-wit;

All that certain real property situate in the Township of Washington, County of Alameda, State of California, bounded and particularly described as follows, to-wit:

PARCEL 1—Beginning at the Northerly corner of Lot Numbered 14, as said Lot is laid down on the Map hereinafter referred to; and running thence along the line of division between Lot Numbered 14 and Lots Numbered 12 and 13, as said Lots are shown on said Map South 41 Deg. and 40 Min. East eleven and 14-100 chains to the center line of a street fifty feet wide, as said street is shown on said Map; thence along the center line of said street South 48 Deg. and 20 Min. West One and 80-100 chains to a stake; thence at right angles North 41 Deg. and 40 Min. West eleven and 14-100 chains to a stake in the Northwesterly line of said Lot Numbered 14; thence North 48 Deg. and 20 Min. East one and 80-100 chains to the place of beginning.

Containing two acres of land.

Being a portion of Lot Numbered 14, as said Lot is laid down and delineated on the Map entitled, "Amended Map of the Gregory Tract near Niles, Alameda County, Calif." etc., filed October 30, 1889 in Liber 8 of Maps, at page 3, in the office of the County Recorder of said County of Alameda.

PARCEL 2—Beginning at the point where the line dividing Lots Numbered 12 and 13, from Lot Numbered 14 intersects the center line of a street fifty feet wide as said Lots and street are laid down and designated on the Map hereinafter referred to; and running thence along said dividing Line North 41 Deg. and 40 Min. West eleven and 14-100 chains; thence along the line dividing Lot Numbered 12 from Lot Numbered 8 according to said Map North 48 Deg. and 20 Min. East One and 795-1000 chains; thence South 41 Deg. and 40 Min. East eleven and 14-100 chains to the center line of said street; and thence along the latter mentioned line South 48 Deg. and 20 Min. West One and 795-1000 chains to the point of beginning.

Containing two acres and

Being a portion of said Lots Numbered 12 and 13, as said Lots are laid down on the Map entitled, "Amended Map of the Gregory Tract near Niles, Alameda Co., Cal." etc. filed October 30, 1889 in Liber 8 of Maps, at page 3, in the office of the County Recorder of said County of Alameda.

PUBLIC NOTICE is hereby given that I will on Monday, the sixth day of May, A. D., 1929, at Ten o'clock A. M., of said day, in front of the Broadway entrance of the Court House, of the County of Alameda, in the City of Oakland, County of Alameda, State of California, sell at PUBLIC AUCTION, for lawful money of the United States, all the right, title, claim and interest of said defendant above named, of, in and to the above described real property, or so much thereof as may be necessary to raise sufficient money to satisfy said Judgment, with interest and costs, etc.; to the highest and best bidder. Dated, Oakland, California, April 11th, 1929.

Western Pacific Hook-Up With Great Northern Anticipated

Exploitation of California's resources and the industrial advantages of the Eastbay district will be put underway by the Great Northern railroad immediately on completion of its line linking the Great Northern to those of the Western Pacific in Northern California.

This was the promise of Edward F. Flynn, assistant to the vice-president of the Great Northern railway and principal speaker before the members of the Oakland Advertising club at a weekly luncheon at the Hotel Oakland.

"We intend to soon apply to the Interstate Commerce Commission for permission to build the connecting link," said Flynn, "and when we receive permission to build, if we do receive it, we will immediately begin to advertise California. Prior to this time our interest in California has not been vital."

Flynn said that present plans call for the construction of 80 miles of trackage by the Great Northern, from Klamath Falls, Ore., southward and of 120 miles by the Western Pacific from Lookout, Calif., northward.

"Great Northern traffic will flow in and out of Oakland over the Western Pacific," Flynn said, "and, further southward, over the rails of the Santa Fee."

A large portion of the $800,000 annually appropriated by the Great Northern for advertising purposes will be spent in telling of the greatness of California, was another of Flynn's statements.

In addition, the club heard a musical program.

TWO DEATHS IN THANE FAMILY ON LAST SUNDAY

Mr. and Mrs. J. E. Thane and family were saddened by the death of two close relatives this week, Mrs. Louise Vollmer, of San Francisco, a sister-in-law of Mrs. Jas. R. Whipple, passing away Sunday evening; and Clement Edwin Renouf, a brother-in-law of Mr. Thane's, passing away Sunday morning.

Mrs. Vollmer was born and brought up in the Township. She was the grand-daughter of Mr. and Mrs. J. Hawley, of Centerville, one of the pioneer families and was the daughter of Mr. and Mrs. Chas. Whipple. Funeral services were held Tuesday morning.

LOCAL PLAYERS DELIGHT DRAMA CLASS VISITORS

Members of the Drama Section of the San Francisco branch of the American Association of University women held their annual picnic in Mrs. J. C. Shinn's garden last Friday, about forty being present. After luncheon which was served on tables arranged on the front lawn, a playlet was given which seemed to be most thoroughly appreciated by the more or less pleasantly critical audience.

"A Sunny Morning," which was given recently by the Dramatic Section of the Country Club of Washington Township was the play chosen. Mrs. George Coit, of Centerville, repeated in the lead and was supported most ably by Clement Donovan who learned the part of the old gentlemen on short notice and interpreted it splendidly. Mrs. J. E. Townsend again took the part of the maid and the Shinn houseboy took the part of the servant.

The spectators were most lavish in their praises of the dramatic ability of the players and the beauty of the natural setting, the stage being indicated by a long bench in front of a huge snowball bush fully in bloom, just west of the fountain—the perfect sunshine, the violets and the birds and butterflies seeming to be present by arrangement.

The hostess was fortunate in that the one perfect day of the week fell upon Friday and the garden did its best to show off Niles' climate and beauty—roses, iris, wisteria, lilacs and other blossoms being present in abundance, many of the guests returning home well laden with these souvenirs.

Clara Bow to Appear In "The Wild Party"

Clara Bow in "The Wild Party" is coming to the Fox Oakland Friday, bringing with her eighteen Paramount stars. "If you smelled smoke in some of the red-head's past productions, you are going to see flame itself in "The Wild Party," states the advance publicity.

On the stage will be Fanchon and Marco's colorful "Indian Summer Idea" with a tepee-full of musical gaiety and a boatload of dancing beauties.

Construction started on $250,000 hotel building at Healdsburg.

Martinez plant of Western Plywood Products Company operating at capacity.

Antioch's streets and sewer system will be extensively improved in near future.

MOWRY'S SCHOOL PREPARING FOR OPERETTA

Pupils of the Mowry's Landing school are preparing an operetta to be given at the close of school under the leadership of the teacher, Miss Lelia Nickell, according to a report from Mrs. Charlotte May, clerk of the board of trustees.

Mrs. Harlean Boyce was the candidate for trustee this past month being elected without opposition for three years. John Oliveira's term will expire in 1931 and Mrs. May's in 1930.

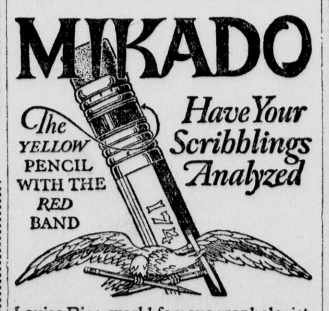
Although the school is small, the trustees are taking a great deal of interest in its development. Miss Nickell, the teacher, commutes by auto from Oakland.

MOTHERS' DAY CARDS

Don't forget mother. She always remembers you. The newest, the prettiest Mother's Day cards may be had of Hayward Drug Co., 950 B street.—M2c.

An investment of $58,844,000 is represented by California dairy cows two years old and over, according to California Department of Agriculture.

MIKADO



Have Your Scribblings Analyzed

The YELLOW PENCIL WITH THE RED BAND

Louise Rice, world famous graphologist, can positively read your talents, virtues and faults in the drawings, words and what nots that you scribble when "lost in thought".

Send your "scribblings" or signature for analysis. Enclose the picture of the Mikado head, cut from a box of Mikado pencils, and ten cents. Address Louise Rice, care of EAGLE PENCIL CO., NEW YORK CITY

MORE ON DEL VALLE FARM

(Continued from Page 2)

claring it to be a severe epidemic of influenza. The Sunbeams, however, routed the "T. B." germs and eliminated them from the scene of action.

Then entered the various classes of "Food" bearing trays laden with vegetables, milk, bread, etc., necessary for the well-balanced, health-building diet which is one of the principal phases of the Del Valle program.

Moving pictures for Del Valle were made of the various parts of the program.

Several numbers by the University Glee Club added greatly to the enjoyment of the afternoon.

Rev. W. R. Hodgkin, of Berkeley, offered the invocation. Dr. Chesley Bush, medical director of Del Valle Farm, next spoke and Rev. H. F. Swartz, president of the Pacific School of Religion, spoke on the social value of the Del Valle program.

Mr. Struble announced that there was $35,000 available for a further anti-tuberculosis work and Dr. Bush reported that last year forty tubercular children could not be found in Alameda county to fill the beds prepared for them at Arroyo Sanitarium.

Dedication of the new building was made by Miss Annie Florence Brown who with others founded the farm twenty-one years ago.

Doctor Bush announced that tuberculosis was being stamped out in all classes but one and that was the high school girls' group. Tuberculosis is encouraged by the new and foolish fad of unwise dieting among young girls, Doctor Bush declared.

Among the local people attending were Supervisor and Mrs. Ralph Richmond, Miss Lena Shinnick, Mrs. R. K. Wilson, Mrs. Harvey Braun, Mrs. Carthy, J. L. Bunker, Mr. and Mrs. E. W. Burr, of Hayward; Mrs. A. Amaral and son, of Decoto.

Wm. Ewing, assistant superintendent of Oakland schools, was made new president of the county association. Especial compliments were paid to Superintendent and Mrs. Monroe for their efforts in advancing the Del Valle program.

Downey I. O. O. F. purchased site for erection of Lodge building.

We're prepared to repaint your car an original, aristocratic, refined color scheme or do a conventional one. We'll do it well at a surprisingly low price.
